ANNUAL AWARDS BANQUET

Mark your calendars – the awards banquet will be held at the Broadway Palms Theater in Mesa on Saturday, January 17. Flyer coming soon!

Officers will be elected at the Awards Banquet – always looking for volunteers!

A letter to all riders and checkers:

It has been my experience as a checker over the years that riders are always quick to point out when they believe their score in a section is higher than they think it should be. I would also expect them to tell the checker when they know they have been scored too low – not to do so is dishonest and unfair to the other competitors. Those extra two or three points you should have gotten could make a difference at the end of the day. Winning shouldn't be more important than honesty, integrity and the respect of your fellow riders, club members or spectators.

Checkers: Must give a *fair and impartial* score to *ALL* riders.

If you do not know the rules of scoring, *please* be sure to check with someone that does.
